

Our Design Process

The Brief

Client briefs us of what they want and need. We project timelines and goals at this time

Research

Our team gathers all relevant materials for the project

Drafting

We get to work on your project! We're designing layouts, and other parts of the website

Review & Revisions

We send you a link and you review! Do you like it? What don't you like? What would you like to see changed? etc.. .

Finalization

We've heard what you had to say and we are on it. This step is finalizing and ensuring that the sites works as it should with our clients.
